Went West to Grow Up with the Country.

National Associated Press to the Star.
EAST SAGINAW, MICH., May 28.—Joseph Thefeker, a foreign resident of Saginaw City, and for several years Under-sheriff of this county, eloped on Saturday with Mrs. Mary Daniels, wife of a saloon-keeper. Thefeker disposed of his property, amounting to about \$5,000, taking the money with him, while Mrs. Daniels took \$300 of her husband's money. Thefeker is fifty-three, and leaves a wife and three children, and Mrs. Daniels is twenty-three, and leaves a husband and six children. They are supposed to have gone West.

A Swamp Angel Run In.

National Associated Press to the Star.
WILMINGTON, N. C., May 28.—John Socklear, a notorious desperado, who is said to have once been a member of Henry Berry Lowery's gang of Robinson County swamp angels, was arrested in North Carolina, near the South Carolina line, and is now safely lodged in jail at Marion. Many are the blood-curdling deeds laid to him. His latest achievement, and the one for which he is now a prisoner, was the murder of an unforgiving Irish peddler named Gnee, at Ais, S. C., some months ago. The murder was unusually atrocious.

The Deadly Stiletto.

National Associated Press to the Star.
HAZELTON, PA., May 28.—Salvatore Decanis, who had been to Hazelton and returned to Lattimer, a small village three miles distant, feeling somewhat belittled, quarreled with Francisco Christie and struck him on the head with a pistol. Christie resented the insult by drawing a stiletto and sending it twice into the heart of his assailant. Decanis seized a club and struck Christie twice and then fell dead. Christie is in jail.

Third Edition

THE LATEST

Briefly Told.

National Associated Press to the Star.
New York, May 28.—The steamers Seythia and Wisconsin, from Liverpool, and Gen. Mead, from Bermuda, arrived here this morning.

LONDON, May 28.—Private dispatches from Manila say that trade is depressed, in consequence of the threatened failure of the rice crop in the Philippine Islands.

PHILADELPHIA, May 28.—Emma Bethol, on trial for the murder of a Mr. Bishop, in Camden, N. J., was acquitted this morning. The verdict was received with applause.

New York, May 28.—Dr. Muirhead, a young Englishman, has succeeded in applying the duplex system of telegraphy to the ocean cable, and the Direct U. S. Cable Company have been working it for the past few days. The Superintendent of the Cable Company says it works perfectly and has doubled the capacity of the cable. They now work both ways at the same time and at the same rate of speed that was required when only sending one way. The invention is said to be very ingenious.

GENTLE PEACE.

She Smiles Softly and Sweetly Upon the Pouting Powers.

National Associated Press to the Star.

LONDON, May 28.—The sanguine hopes of this morning have not been sustained altogether, notwithstanding the cheers which greeted Sir Stafford Northcote's statements in the Commons. There was a cold chill of disappointment when it was known that he could only say that the prospects for the Congress had improved. There is much anxiety felt as to what yet stands in the way of the agreement, and it is thought that certain hesitations on the part of Austria were the cause of the delay.

GERMANY'S DILEMMA.

It is no secret that the recent manifestations of the cordial relations existing between England and France has created a very appreciable uneasiness here and has greatly increased the delicacy of the population of Germany. If Russia is compelled to retreat from the ground in and with relation to San Stefano it will be equivalent to a signal defeat of the czar, and the heavy burdens which must be borne by the Russians unsupported by the elation of success will greatly weaken the influence of the Russian Government in European affairs.

Germany will thus be deprived of an ally in the event of a conflict with France. It is morally certain that England will not aid Germany in such a contingency. The German Government will lose one friend without making a new one. On the other hand, if Bismarck openly throws his influence on the side of Gortchakoff, he will excite the permanent hostility of England—an hostility which will sooner or later incite France to recover her lost provinces and avenge the other humiliations inflicted in the last war. If the Congress does meet, there is a belief in well-informed circles in Berlin that it will require great adroitness on the part of the representatives of Germany to avoid inflicting serious injury on the prestige of Austria while maintaining intact the interests of the signatory Powers of the Treaty of Paris. The humiliation and alienation of Russia must be avoided and the cause for a close Anglo-French alliance prevented.

WHO ARE INVITED.

BERLIN, May 28.—Prince Bismarck has signed the invitations to the Powers to attend the Congress, which will most probably be convened June 11th. The following Representatives have been nominated: Russia, Count Schouvaloff; England, Lord Lyons; Austria, Count Andrássy and Baron Haymerle; France, M. Waddington; and Greece, if admitted, Sir Peter Armeni.

THE NEW PEACE PRELIMINARIES.

LONDON, May 28.—The most trustworthy information that can be obtained concerning what has been accomplished between Count Schouvaloff and Count Salisbury is thus stated:
Prince Bismarck has been the peacemaker. Russia and Austria, through his means, have arrived at an understanding. Russia only wished to ascertain how much of what she claimed she could be allowed to keep, and was always ready to submit the San Stefano treaty to a Congress, but with the understanding that she should reserve the right of refusing to be bound by a decision of the Congress.

Prince Bismarck deemed it wiser to effect beforehand an understanding as to what the Congress should agree upon, and this has been now effected. The base of agreement are the provisions formulated by the European Powers at Constantinople, with what remains of the treaties of 1856 and 1871.

The treaty of San Stefano has been taken as a measure of Russia's wishes respecting the points as to which there is no dispute, but no further. The provisions of that treaty as respects Roumania are to be set aside, although what is to be their place is not known outside of the representatives of the Powers, who may have agreed upon the outlines of the new treaty.

The continued rapid advance in prices of securities on the London and Continental Bourses is almost unprecedented. A dispatch from Berlin says the British Ambassador in that city is in constant communication with Emperor William in reference to the conference. It is reported that Russia has made substantial concessions to England.

Other Foreign News.

AUSTRIAN SOCIALISTS.
VIENNA, May 28.—The Austrian Socialists have abandoned their proposed great demonstrations, and also recommend their journals to moderate the language and tone of their articles.

ITALIAN GRIEVANCE.

ROME, May 28.—The Government has decided to reduce the grix tax.

THE NAUGHTY RUSSIANS.

LONDON, May 28.—A dispatch from Constantinople says it is reliably reported that the Russians are outraging women in the Turkish rural districts.

THE INDIAN POLICY.

In the House of Commons last night the Radicals again raised the discussion on the Indian policy. The Marquis of Hartington in a speech repudiated them and left the House, when a division was called, a large number of the members accompanying him. The majority for the Government on the division was 174. A supplementary esti-

mate defraying the cost of the expedition was passed.

WHEAT IN EUROPE.

LONDON, May 28.—The weather in England is very unfavorable for growing crops. The recent decline in wheat was caused by American shipments. Advances from France report the wheat crop progressing favorably.

FROM THE METROPOLIS.

Chief Justice Waite.

National Associated Press to the Star.
New York, May 28.—Chief Justice Waite, of the United States Supreme Court, presided yesterday for the first time in the United States Circuit Court, in this city, to hear appeals from the District Court.

Bucket Shop Failed.

One of the bucket shops failed to-day. Liabilities about \$20,000. Assets unknown.

General Sherman.

General W. T. Sherman has accepted General Barham's invitation to participate in the Decoration Day procession.

A meeting of the Committee on Organization of the National Party, which is really a renewal of the old Greenback party, was held last night, and organized its Central Committee by electing William H. Sharpe, editor of the Workingman's Advocate, Chairman.

Weed on the Situation.

A reporter interviewed Mr. Thurlow Weed on the subjects of the Potter resolution and General Grant's chances for the next Presidency. The veteran politician was somewhat cautious about giving his views, but he took a very wide range of the questions. He regarded the Potter resolution as a great misfortune, as it may lead to revolution and anarchy in its worst form. He said the character of Potter, well known for his probity, would add strength to the resolution and make the consequence all the more dangerous. The country was not in a condition to bear anything that showed of revolutionary excitement. Weed believed in case of emergency, the first choice of owners and capitalists for a leader would be Gen. Grant, but as to his chances for a third election it was very difficult to answer. Weed would not be surprised if Tilden was inspiring the Potter movement. He said he had never seen any man who got Presidency on the brain who was able to relinquish the idea.

Illness of O'Donovan Rossa.

The Fenian Head Center, J. O'Donovan Rossa, lies very dangerously ill at his residence in Brooklyn. He was attacked with gastric fever, about ten days ago, but latterly his spine became affected, and this was followed by partial paralysis of the lower extremities. The spinal disease is the result of a beating he received from his jailers when confined in prison in England. His physicians express the belief to-day that all immediate danger is over. It will be some time, however, before he will be able to resume his duties.

Sugar Refiners' Paper.

There is much feeling in the sugar trade over a recent decision of some banks to decline to discount the notes of sugar refiners. The President of a well-known bank stated to a reporter that it has been apparent for some time that sugar refining was not profitable. His bank had declined single-name sugar paper because it was not deemed prudent to risk the bank's capital in a business that required the exhaustion of its capital to sustain it. He claimed refiners were losing from 1 to 2 cents a pound upon every barrel of sugar manufactured.

Believes Him Innocent.

A reporter had an interview with Mrs. Voshburgh, at Jersey City, in regard to the terrible accusation against her husband, which will be read with interest. She declares her belief that he is innocent, and that he never attempted to poison her. If convicted, she says she would accompany him to the State Prison. Mrs. Voshburgh is also satisfied with her brother's sincerity in his prosecution against her husband.

Gen. Gideon J. Pillow.

In accepting the invitation of the Grand Army of the Republic to unite with them in decorating the graves and honoring the memory and achievements of the men who fell in the war between the States, said: "You honor the brave and patriotic men who fought that war and had no part in causing the national strife. On both sides they obeyed their sense of duty and patriotism. The great battles of those armies are a common heritage of manly courage and patriotic devotion. They constitute proofs to the world of what American people are capable. Divided, their conflicts of arms shook the earth beneath their tread. United, they could resist the world in arms."

Steamships Overdue.

The steamship Flenborough, of Quebec, and the Gulf Port's Steamship Company, left Cow Bay, N. S., on the 20th inst. for this port, and are consequently three days overdue. The Gen. Meade is overdue from Bermuda.

WASHINGTON CITY.

Bennett's Arctic Ship.

National Associated Press to the Star.
WASHINGTON, May 28.—A passport and sea letter have been issued by the Treasury Department to Mr. James Gordon Bennett's Arctic ship, the Jeannette, which it will be remembered was purchased by him in England for an expedition to the North Pole, and by an act of Congress was made an American ship. The vessel's former name was Pandora, and she was built originally for Arctic purposes and belonged to the British Navy. Mr. Bennett has named her after his sister Jeannette. The papers were issued to her in response to a letter from Mr. Bennett to Secretary Evans.

The Army Bill.

The Army Bill was reported to the House yesterday. By a majority of four votes the amendment to fix the strength of the army at twenty-five thousand instead of 29,000 was defeated.

A Presidential Visit.

The President, with members of his Cabinet, anticipate a visit to the Gettysburg battlefield to-morrow.

THE WESTERN STATES.

A Crop of Crimes and Casualties.

National Associated Press to the Star.

ARLINGTON, ILL., May 28.—A most horrible murder and suicide shocked this community on Sunday night. Samuel Kearney, a man about forty years of age, and a bad character, has been paying attention to Mrs. Elizabeth Sheehan, of this place, for several years. Mrs. Sheehan was a married woman who has for some time been separated from her husband. Lately Kearney's attentions were not well received, and on Sunday he called at the house and took dinner. He then went up stairs to where Mrs. Sheehan was sitting, shot her with a pistol, and then

deliberately cut her throat from ear to ear with a butcher knife, almost severing her head from her body. Mrs. Sheehan's father and others who interfered were also wounded by the desperate man. Kearney then proceeded to the porch, drew a razor from his pocket, cut his own throat, and died in a very few moments.

LA SALLE, ILL., May 28.—James Welch and Wm. Russell, of Union, Ill., accused of outraging and murdering little Maggie Cuddy near that village on the 6th inst., had a preliminary examination yesterday, and were sent to Ottawa to await the action of the Grand Jury. They had accused each other of the crime, and Russell had confessed his guilt, but when arraigned both pleaded not guilty. The indignation at Ottawa is so great that grave fears are entertained that the young villains will be lynched.

Pastorius to be Hanged.

National Associated Press to the Star.

HARRISBURG, PA., May 28.—The Supreme Court affirmed the decision of the lower Court, in the case of Ex-Priest Blasius Pastorius, under sentence of death for murder.

Greenbackers in Baltimore.

National Associated Press to the Star.

BALTIMORE, May 28.—A meeting was held here last night preliminary to the organization of a greenback party to take part in the approaching municipal contest.

LATEST LOCAL.

All housekeepers will soon be served with a notice to keep food refuse of every kind separate and apart from all other matter, as required by a city ordinance.

ONLY one bid was received to-day by the Board of Public Works for the \$50,000 street cleaning bonds, and that was rejected on the grounds of informality.

JOEL SMITH, Jr., Superintendent of the Eagle Cotton Mills, Pittsburg, called upon us this morning. He is taking in the interesting points of a great city.

ANOTHER Organ Concert will be given to-morrow (Wednesday) afternoon, at Music Hall, with Mr. George E. Whiting at the organ and Miss Annie B. Norton as vocalist.

MRS. FAUST, the deranged widow of the suicide, Wm. F. Faust, was taken to the County Jail this morning, and this evening will be examined in the Probate Court on a charge of lunacy.

A NUMBER of laborers, who have heretofore been employed by the city, but are now out of work, created quite a sensation on Columbia avenue to-day by seizing the tools of the contractors for the improvement of that avenue, and refusing to give them up unless they were given work. Only seven men, who were chosen by lot, are employed upon the avenue at present, but others were promised work in a few days, yet they would not wait. Several officers were ordered to the place to quell the disturbance.

Marriage Licenses.

The following marriage licenses have been issued since our last report:

Joseph Helle and Josephine Harkman. Fred Gronke and Cath. Heemann. Gilliam Vanagtoven and Ann Vanbeck. Geo. Albers and Elizabeth Voe. Peter Metz and Kuney Susan Breels. Wm. Blake and Sadie Pennie. Arthur E. Wilcox and Carrie B. Snowden. Hen. Richter and Mary Abbott. Fred. Mittendorf and Anna Feurriegel.

Shot in the Back.

A colored man by the name of Richard Moore took a contract to-day for loading goods upon a boat at the foot of Broadway, and employed a companion, Wm. White, to assist him.

The men could not work well together, and a dispute arose. Harsh words were followed by hard blows, and in a few moments Moore drew a revolver and fired four shots at White, one of which took effect in his back, making quite a serious wound.

The scene closed by Moore being arrested and locked up at Hammond-street Station, with the charge of shooting with intent to kill placed against him.

Board of Public Works.

The Board met in regular session, all the members present and President Bell in the chair.

The Engineer was directed to determine the grade of Columbia avenue, from Torrence Road to Forrest avenue.

The City Solicitor was requested to report to the Board the duties required of it in the matter of street improvements, made necessary by the revision of the Municipal Code.

The Superintendent of Parks was directed to sell the grass in Burnet Woods Park, in tracts as desired by purchasers.

A bill of \$176.29, from Dennis, Long & Co., of Louisville, for water-pipe, was ordered paid.

A Double-Header.

A letter from that locality says Glynwood, Ohio, rejoices in a double baby, the child of Mr. and Mrs. Green Bailey. It is well formed and of the usual proportions up to the shoulders, but it possesses two pairs of perfect arms, one pair working forward and the other backward. Upon one head it has two faces, complete in every particular. It breathes through both mouths, which fact indicates, so the doctors say, the existence of two pairs of lungs. Glynwood is in a fever of excitement over the little one.

Pullman Palace Car Company.

County Auditor Capelle has just returned from a visit through the various cities and towns of the counties through which the railroads using the Pullman Palace Cars are running. His object was to notify the auditors of such counties that the Pullman Palace Car Company ought to be listed, they having heretofore been exempt from taxation.

The Company's claims were that they had no property here in this State, and that their cars simply run through the State. Mr. Cappellet, however, thought that they were carrying on a business here, and therefore it was no more than right that they come up to the mark just as well as other tax-payers.

To secure this end he invited the various Auditors, numbering some thirty or more, to meet him next Friday at the Auditor's office to discuss the question, fix the value of the Company's property, and collect the taxes on the same. He has also cited the Company, through their attorneys, Messrs. Matthews & Ranssay, to appear at the same time.

SMILEY SMILES.

And He is Police Court Clerk for Three Years.

The contest between Samuel Smiley and John R. Bender over the clerkship of the Cincinnati Police Court was virtually ended this morning in the Hamilton District Court.

Mr. Bender claimed that he had still another year to serve as Clerk of that Court, and therefore protested to Mr. Smiley superseding him.

The matter was definitely determined by a unanimous decision of the District Court to-day in giving Mr. Smiley the position.

Mr. Bender was anxious to have the matter settled, as he was under the impression that he was entitled to one more year. He said he did not want the office unless the law would say that he had a right to it. After hearing the decision of the Court he gracefully resigned in favor of Mr. Smiley, who will take his position at once.

Mr. Smiley's Deputies are Lieutenant Spach and Constable William Doyle.

The decision of the Court has created considerable excitement, as it was expected that there would be some legal difficulties to be encountered by him.

Mr. Bender will not appeal the case.

CITY BOARD OF EQUALIZATION.

Mr. Ryan's Qualifications as a Member.

The Board of Equalization met at 10 o'clock to-day, with Mr. Rother, owing to the absence of President Schwill, in the chair.

The minutes of the last meeting were read and approved.

Mr. Louis Heinsheimer was present and sworn in as a member of the Board. A communication from the special Board of Equalization of Chillicothe, refusing to list the property of Herzog & Co., at that place, was read and referred to the Secretary and Auditor Capelle.

The Auditor laid before the Board for their examination and information the returns of the Assessors for the current year. Also the valuation of real estate, as the same was entered upon the duplicate the preceding year.

On motion of Mr. Nat. Caldwell, the City Solicitor was asked to give his opinion as to the qualification of Mr. John Ryan to act as a member of the Board of Equalization.

The City Solicitor, on appearing before the Board, was, in order to solve the difficulty, instructed to cause the City Engineer to examine the city plats and certify as to the location of the residence of Mr. Ryan.

Adjourned.

It is claimed by the Auditor that Mr. Ryan lists from Avondale, and that therefore he has no right to serve as a member of the Board. It is thought that Mr. Ryan will resign and thus settle the question, which, until it is settled, will prevent the Board from entering upon its duties.—En. Star.]
